

said recombinant expression construct is a recombinant viral expression construct.

4. (New) The recombinant expression construct as set forth in claim 2, wherein the lysosomal enzyme is lipase.

5. (New) The recombinant expression construct as set forth in claim 3, wherein the lysosomal enzyme is lipase.

6. (New) The recombinant expression construct as set forth in claim 2, wherein the lysosomal enzyme is alpha galactosidase.

7. (New) The recombinant expression construct as set forth in claim 3, wherein the lysosomal enzyme is alpha galactosidase.

8. (New) The recombinant expression construct as set forth in claim 2, wherein the lysosomal enzyme is glucocerebrosidase.

REMARKS

PRIORITY CLAIM

Applicant has amended the priority claim by the above amendment to correct for typographical errors in the originally submitted priority claim. Accompanying this amendment are: 1) a Request for Corrected Filing Receipt; and 2) a family tree showing graphically the relationships between the various patent applications and issued patents that
